DOCKET FILE COPY ORIGINAL

Re: Al Hazelton
Audubon, Iowa
File No. BPH-920430ME
MM Docket No. 93-300

Dear Mr. Caton:

Transmitted herewith, in triplicate, on behalf of Al Hazelton, an applicant for a new FM radio station on FM Channel 243C1 at Audubon, Iowa, is an amendment to his above-referenced application. The amendment is being filed as a matter of right, pursuant to Section 73.3522(b)(2) of the Commission's Rules, and in response to the Hearing Designation Order, DA 93-1392, released December 14, 1993.

Should there be any questions concerning this matter, please communicate with the undersigned.

Very truly yours,

BARRY A. FRIEDMAN, P.C.

AMENDMENT

Al Hazelton, an applicant for a new FM radio station at Audubon, Iowa, hereby amends his above-referenced application by submission of the attached documentation that respond to the requests for information contained in Paragraphs 2 and 3 of the Hearing Designation Order, DA 93-1392, released December 14, 1993.

Al Hazelton

Dated: 1/3/94

AMENDMENT TO EEO PROGRAM OF AL HAZELTON

Section IV of FCC Form 396-A is hereby amended to advise the Federal Communications Commission that the applicant will contact the following women's organizations to encourage the referral of qualified women applicants whenever job vacancies occur at the proposed radio station:

1. American Women in Radio and Television, Inc. - Washington, D.C.
2. Women in Communications - Des Moines, Iowa
3. Audubon Women's Association - Audubon, Iowa
4. Federated Women of Audubon - Audubon, Iowa
5. P.E.O. of Audubon - Audubon, Iowa
6. T.T.T. of Audubon - Audubon, Iowa

Amendment to Application for Construction Permit

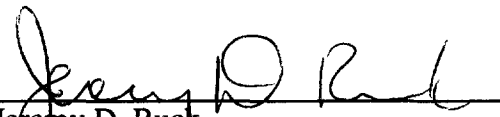

The following engineering statement and attached exhibits have been prepared for Mr. Al Hazelton, applicant for a Construction Permit for a new FM Broadcast Station to serve Audubon, Iowa.

By the Commission's Hearing Designation Order (MM Docket 93-300) the applicant was advised of a minor discrepancy in the tabulated and plotted FM directional antenna pattern for the proposed facility. This application seeks to correct this minor discrepancy.

Specifically the Commission's Staff noted that on the 310 and 350 degree radials that the plotted relative field was .990 while the value listed on the tabulation was .950. As the Commission's Staff noted, neither value will violate the Rules pertinent to such antennas.

The applicant amends his application to reflect a relative field value of .990 on both the tabulated and the plotted exhibits. The pertinent exhibits are attached to this statement, and amend Exhibit E-3 of Hazleton's application.

I certify that the preceding statement and attached exhibits have been prepared by me or under my direction and are accurate and correct to the best of my belief and knowledge.

Jeremy D. Ruck
Consulting Engineer

Subscribed and sworn to me this 4 Day of Jan 19 94.

Notary Public

My Commission Expires:
